DUVAL COUNTY PUBLIC SCHOOLS

A **Bold** Plan for Arlington Elementary

A Referendum to Give Our Children the Best Schools

The Direct Impact on the **Arlington Elementary** Community

Safety and security of students and school staff is the primary concern for this project. The school will receive a safety and security allocation which is calculated based on the square footage of the school site.

The projected deferred maintenance allocation is calculated based on the Facilities Condition Index, an industry-standard measure used to compare relative building conditions. The school will receive funds to fix all current and projected maintenance issues over five years such as repairs to school grounds, roofing, the exterior façade, electrical, air conditioning, and other site repairs.

School Improvements $1,345,899

Safety & Security Allocation $165,575

The safety and security allocation is calculated based on the square footage of each school site. This funding is designed to cover any site hardening such as security cameras, gates, and alert systems.

Facility Condition Improvements $1,180,324

The deferred maintenance allocation is calculated based on projected maintenance of each school site. This funding is designed fix all current and projected maintenance issues over five years.

What's included in the Facility Condition Improvements?

School Grounds
Includes playgrounds, athletic fields, drainage, etc.

Roofing
Includes all roofing within the school site.

External Repairs
Includes repairs to the exterior façade of the building.

Internal Repairs
Includes repairs to the interior façade of the building.

Mechanical
Includes repairs to all mechanical systems such as AC Units.

Electrical
Includes all electrical repairs to the school site.

Plumbing
Includes all plumbing systems within the school site.

Fire Safety
Includes the life and fire safety systems within the school site.

Our Schools. Our Community. Our Future.
